WEDNESDAY, MAY 10th, 1922.

No. 19

Police Court Cases

Several cases of infractions of town by-laws were brought up before court held in the town office last Friday. Three of these were in connection with business licenses. In every case it was pure neglect on the part of the defendants to pay their license within the prescribed time and each were fined, fine and costs amounting to \$5.50. There was also one case up for riding a bicycle on the sidewalks. This is a thing which has been of quite common oc-

currence in town and repeated warnings have failed to check it. Besides being hard on the sidewalks there is always the chance of bodily injury to someone and cases of this kind will be checked up more closely in future. A fine and costs amounting to \$3.50 were charged in this case.

Sports To Be Held On Wednesday, June 21

Didsbury will celebrate by holding a Sports Day on Wednesday, June 21st. The committee which has been hard at work for some time finally completed arrangements for the preliminary work last week and advertising matter is now in the hands of the printers.

A good program of horse races, bucking contests, athletic events and other attractions is being arranged, and if the weather holds good Didsbury should see a come-back of old times in this great event.

Good purses are being offered for the horse races which should encourage owners of horses in the district to bring out their Derby winners and also make an interesting afternoon for lovers of this exciting pastime.

A band will be in attendance to listen up proceedings and refreshment booths will provide the necessary liquids, barring the stuff for which moonshiners have become famous.

There will be a dance in the Opera House at the end of the day's proceedings for those who are not too tired to trip the light fantastic.

The committee have tried to introduce something to interest everybody to make the day a success and now it's up to the general public to boost Wednesday, June 21st as Sports and get together day.

Sale Of Town Property Not a Success

The auction sale of town property which was held on Monday afternoon was not a success as far as disposing of this fine residential property was concerned. There were very few people present and none of them seemed at all anxious to invest.

One large piece was disposed of to Mr. Sam Arlenson who bought a block of a little over seven acres facing his present property on the west.

Jim Phillips, who acted as voluntary auctioneer, spread himself in trying to coax the money out of the pockets of those present, but unfortunately his side kick, Mr. W. G. Lieberman, who also acted as voluntary clerk, had no chance to enter any little transaction on his books because of Jim's eloquence.

Olds Talking Municipal Hospital District

Considerable interest is being taken in the possibility of establishing a municipal hospital district at Olds. Hon. B. G. Reid, minister of municipalities and health, addressed a meeting held there last Saturday, at which the matter was discussed.

Arrangements are now being

RED ROSE TEA is good tea

27 Years the Same Good Tea—and Always in the Sealed Package

Some Sound Advice

In this column last week emphasis was laid on the absolute necessity of, first, confidence in the future, and second, confidence in the present business depression and consequent lack of employment. There is need for confidence in all, in themselves, in our business men and institutions, in Governments, and in our great wealth of God-given natural resources.

Confidence with a return of such confidence there is need for the abandonment of present-day ideas of selfishness and ease and a renewal of an old-time determination to work. If there is to be a return of prosperity and good times, it must be preceded by the old willingness and energy to work—a return of those days when everybody was busy from noon till night and found real pleasure in their work.

Shortly after his accession to the Premiership of Saskatchewan a few weeks ago, Hon. C. A. Dunning delivered several addresses before public bodies, and the keynote of each address was the need for confidence and the substantial grounds which existed to justify such confidence.

Hon. T. C. Norris, Premier of Manitoba, in an address to the Credit Men's Association early last month, laid emphasis on the same need, and on the necessity for unremitting labor on the part of all citizens.

If any men in the West today are in a position to size up the weaknesses of the present situation, if there are any men who are confronted with heavy responsibilities and greater difficulties and problems than other men, if there are men who might with reason feel a lack of confidence in the future, it is these men who as heads of Governments have had to deal daily with the scores of complaints and grievances arising out of the hard times of the past years. If these men can look to the future with confidence, and are willing to devote their best energies and all their time in bringing about that betterment which is to be had, if it is some day in the right spirit and in an untiring, determined manner, then there is no reason why others should be faithless or lukewarm in effort.

In his address to which reference has been made, Premier Norris made an important point which is deserving of the serious consideration of all Canadians in cities and towns. He said, they desired to know the reason why so many of the brightest young men and women left the country for the city. It was this: In the city men acquired on a short day and a 44-hour week. Every time they elapsed anything out of the working day or increased the pay by one cent an hour they created a condition which affected the farmers. Their men were anxious to come to the cities. If they shortened the time for earning money they increased the time for spending money. Every advantage of that kind cost something more in the production of food. Living became more expensive. More men and women were added to the ranks of the workers in the cities, with an inevitable increase in the number of unemployed and added acuteness to the problems which the city workers had to contend against.

Premier Norris expressed the opinion that the extreme labor man was thus spending in his own light when he advised a 44-hour week, because he took from the ranks of the producers on the farms and added to the ranks of the consumers in the cities. The balance must be kept equal to maintain the ability to bring in new money, and new money was that which was produced from the soil and forest, and it was only to the extent that that new money was produced that steady and profitable employment could be provided for the city artisan, store clerk and office employee. Not less work, but more work, was the crying need of the times.

Another point urged by Premier Norris was that, along with a renewal of confidence and a determination to work hard and faithfully, there was a very great need for working. In the evening he said, "The majority of our farmers and lower salaried men are living right up to the mark every month; indeed, a large number of them are living one month ahead of their salaries. If we can turn them around and get them to live one month behind their salaries for the next few months, getting them away from the effect of living beyond their salaries, success will attend the efforts of every person."

It is not surprising, in the evening, he said, "The majority of our farmers and lower salaried men are living right up to the mark every month; indeed, a large number of them are living one month ahead of their salaries. If we can turn them around and get them to live one month behind their salaries for the next few months, getting them away from the effect of living beyond their salaries, success will attend the efforts of every person."

Patrol Forest Areas

Fleet of Flying Boats to be Used in Northern Manitoba

A fleet of five flying boats will be used by the Canadian Forestry Service during the coming summer to patrol

forest areas for the detection of fire. Government agents who pay the annual treaty annuities to the various Indian bands scattered throughout remote parts of the province will also take to the air, and thus will be able to accomplish in five or six days the work which formerly required several weeks.

No need to suffer with corns or to put the risk of an infection when you move them safely and painlessly with Heilbrunn's Corn Remover.

She Loved Canada

Coming from England to Winnipeg and then travelling from the Manitoba northwards to the Bar B Ranch in Alberta, Miss King had a splendid opportunity for studying conditions in Western Canada. If you will read "My Canada," the new serial which commences with this issue, you will find what agencies worked to attract her to her new home. After spending some time here, it came upon her suddenly that she loved Canada, the big green land that had seemed so uninviting at first. Read the opening chapter.

Minard's Liniment Lumberman's Friend

Under Soviet Rule

Slaves to a Harsh and Really Unintelligent Bureaucracy

In Soviet Russia there were to be no masters, or in other words, every one was to be a slave unto himself. The madness has worked itself out, and now all men are slaves to a harsh, impractical and really unintelligent bureaucracy, and object want has replaced plenty. We have been supplied with necessities, which the sinister activities of Communist agents in this country, very busy just now, cannot cloak. Though there are at present, unhappily, no signs of a settlement, we still have faith that reason and good sense will prevail. The country has won one war at a heavy cost, and it cannot afford repeated assaults on its economic strength at a time when every effort should be directed to making good the ravages of the late struggle. —London Daily Telegraph.

Saskatchewan Butter

Gets First Place

Dairy Industry is Making Rapid Strides in Recent Years

In a Dominion-wide competition in which six creameries of each province took part, Saskatchewan butter has been awarded the first place. Samples were shipped to a cold storage plant in Montreal and there scored by official graders. Scores were taken during the entire year 1921 and resulted in Saskatchewan being given the highest place among the provinces. Saskatchewan's butter industry has developed very rapidly in recent years.

Corns, Warts, Bunions

Painlessly Removed

Don't trim any longer, don't suffer and lose your corns. The oldest remedy and the best, the one that for 80 years has proved a true success, will lift out your corns in a hurry. Minard's Painless Corn and Wart Extract is the one remedy to use. It is a substitute, 25c everywhere.

Alberta Big Fish Producer

During the past year over 1,000,000 pounds of fish has been shipped from the lakes in Southern Alberta. The northern fish are of excellent quality and find a ready market. A considerable industry is being developed.

Many farmers can testify to the value of Mother Graves' Worm Expeller, because they know from experience how useful it is.

The Hottentots are especially fond of giraffe steaks and giraffe marrow, and a pot roast of heart-corn is highly prized in Southern Canada.

SAVED BABY'S LIFE

Mrs. Alfred Tranchamp, 21, Michel des Saints, Que., writes: "Baby's Own Tablets are an excellent medicine for the treatment of my little boy and I can highly recommend them to all mothers." Mrs. Tranchamp's baby's experience is the record of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a safe and sure medicine for little ones and never fail to regulate the bowels and stomach, thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Alberta Schools

Funds enrolled in Alberta public schools total \$2,728, with 2,901 school districts operating and 3,229 teachers employed. There are six consolidated school districts. Eighty-six new districts were created last year and the school library branch of the Department of Education disbursed \$1,720 books among the various schools.

London still contains two buildings that witnessed the performance of Shakespeare's plays during Shakespeare's life, the Middle Temple Hall and the Hall of Gray's Inn.

GIN PILLS FOR THE KIDNEYS

THE WORLD'S BEST REMEDY FOR ALL MONEY AND BLADDER TROUBLES

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Opium Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Improving B.C. Orchards

Nearly 200,000 fruit trees, berry bushes and fruit tree seedlings have been brought into British Columbia so far this year for planting out on new orchard land, according to figures compiled from inspectors' reports by Dr. Warnock, Deputy Minister of Agriculture for this province.

Starting the Car

When Every Elms Fails You Can Try This

To start the engine of a car after the self-starter has gone wrong and the crank handle is not available, jack up the rear wheels and then shift into high. Set the spark and throttle, prime the cylinders and by turning the rear wheels, the engine will become active. Do not take hold of the spokes when turning the wheels around; use the tire, because there is danger of getting the hands caught when the wheels start to revolve.

He Wasn't Able

To do the Chores

NOW HE PRAISES DODD'S KIDNEY PILLS

Montana Man Run Down and Out of Shape. The Remedy He Needed in Dodd's Kidney Pills.

Morden, Man.—(Special).—"I feel like advising everyone to buy Dodd's Kidney Pills."

Such is the statement of Mr. L. D. Duck, who lives on R. 2 near here. Mr. Duck has used Dodd's Kidney Pills and found them good. "I had been dragging along for the last few years," he says, "I wasn't able to do the chores. I tried two doctors but they seemed to do me no good at all."

Then an advertisement led me to Dodd's Kidney Pills. I am so much improved that I feel like telling everyone to use them."

Dodd's Kidney Pills make healthy kidneys. Healthy kidneys mean pure blood. Pure blood gives new energy all over the body. If you have that tired feeling that spring, brides, ask your neighbors about Dodd's Kidney Pills.

For Better Roads

Spent \$1,570,000 on Roads and Bridges in Saskatchewan

According to announcement made by J. C. Gardiner, Saskatchewan Minister of Highways, approximately \$1,570,000 will be spent on roads and large capital bridges in the province this season. The Legislature voted \$2,025,000 at the last session for public improvements.

This expenditure will be apportioned as follows: Roads constructed under the Federal aid scheme, \$500,000; large steel and concrete bridges, \$120,000; main market roads, \$550,000.

It is estimated that a sum of \$120,000 will be required for large bridges of permanent type, viz., reinforced concrete bridges of arch or beam type or steel trusses on concrete foundations. These bridges will be located on main lines of travel serving some market centre.

About \$500,000 will be required to complete the contracts entered into last season and those contracts which will be called for this spring for the construction of provincial highways under the Federal aid scheme.

WOMAN COULD NOT WORK

Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I took Lydia E. Pinkham's Vegetable Compound for a tired, worn-out feeling and painful periods. I used to get up with a pain in my head and pain in my lower part and back. Often I was unable to get up. I read in your little book about Lydia E. Pinkham's Vegetable Compound and have taken it. I feel so well and strong and can do every bit of my work and not a pain in my back now. I recommend your medicine and you can use this letter as a testimonial."—Mrs. FILL, MAHER, 801 Winslow St., St. Paul, Minn.

Just another case where a woman found relief by taking Lydia E. Pinkham's Vegetable Compound. Many times those tired, worn-out feelings and pains about the body are from troubles only women have. The Vegetable Compound is especially adapted for just this condition. The good results are noted by the disagreeable symptoms passing away—one after another.

Lydia E. Pinkham's Vegetable Compound is a Woman's Medicine for Women's Ailments. Always reliable.

A Homely Tale

The Didsbury Opera House will offer for Saturday night a new King Vidor production called "The Jack-Knife Man" and released through the First National.

The plot of this delightful story deals with a little known locale in this country and its quaint characters. A shanty boat colony along the banks of the Mississippi, while its central character old Peter, "the Jack-Knife Man," has been drawn from life by the author—being a shaggy characterization of his race.

"The Jack-Knife Man" is a homely little tale full of delicious comedy and pathos. It introduces many new characters to the screen, one of the most unique being the "crying woman"—a stage personage that we have not seen since the "weeping widow" in "The Three Twins." In direct contrast there is a singing tramp, a likable scamp who figures prominently in the action of the story.

"The Jack-Knife Man" is a picture of the novel of Ellis Parker Butler by that name. It is said to be the best book this talented humorist has written since his widely read "Pigs is Pigs."

WEDNESDAY, MAY 10th.

BERGEN—NICHE VALLEY

Bergen is having an influx of homesteaders. Mrs. Emma Grunice, Mrs. John Haug's sister, and her husband bought the St. Pearson place. Mr. Jack Davidson of Calgary and his father have the John Olsen and Severson places.

Charley Erickson, Bergen's boulevard Sept., is doing his best to make his home attractive and convenient. New barn and machine sheds are under construction.

Mr. Brown, on Mr. O. T. Johannesson's place has a neat two storey log house nearly finished.

Mr. O. Ericson, camp cook, was helping Andrew Johannesson during his wife's illness. He is as neat as any "hauser" in Bergen.

Mr. Hakvosen is badly crippled with inflammatory rheumatism.

The Uncle Fuller Association or whatever U. F. A. may stand for organized at Bergen some time ago, but I think he died.

Harvey Burgess is teaching the Eidsvold school, and is generally liked.

Mr. Geo. Rhodes brought his horses from Acme last week, and expects his daughter Mrs. Gertrude Lee as housekeeper soon.

Mr. Joe Parnell bought a registered Shorthorn bull from the Calgary sale—a good stout Joe.

Ira S. Gamble bought "Lennox," the registered Clyde stallion of the Wm. Siddrie estate. He was foaled on the experimental farm in Quebec and sired by Groat Eastern, and his dam is Sabine 8th, so we are not ashamed to have him around.

The Stoney Indians, Ponsettis, Enos Hunter, Wm. Soldier, John Snow, Joseph House, and a few others want to manufacture (trade) wape (tea), sa-sung-a-tan-ger (beans), hage-wa-gobie (flour) and a few other tepee necessities.

The Highland correspondent has departed and the S. S. Board turned the major part of his possessions over to Mr. Parnell.

of short courses, and many societies are planning to take advantage of the courses, if possible.

Farmers and municipalities are entering vigorously into the campaign to combat the grasshoppers and organizations have been effected in many districts. Large supplies of poison bait mixtures are being shipped out by the agricultural department, and, while there are few indications yet of the appearance of the pest, there is every prospect of

a determined effort to deal with the grasshoppers when they do appear.

An Appeal For Help

Read Every Word of This

To The General Public:—

Through the courtesy of the Editor, I am coming to you in the columns of this your home paper to make an appeal to you in behalf of the condition of need represented throughout the country surrounding Didsbury. We have heard considerable of the need of the near-east, and many have responded, by contributing to its relief, which is all well and good, both commendable and laudable. Did it ever occur to you that there is a near-west lying right at our

GENERAL CHANGE IN TRAIN SERVICE

Effective Sunday, April 30th, 1922.

Times for trains at Didsbury will be:

Northbound

No. 521 at 3.16 a. m. daily
No. 525 at 4.01 p. m. daily
No. 523 at 10.27 a. m. daily except Sundays.

Southbound

No. 522 at 6.11 a. m. daily
No. 524 at 12.39 p. m. daily
No. 526 at 5.56 p. m. daily except Sundays.

No. 521 will stop only on signal to allow passengers to de-train.

TRANS-CANADA LIMITED
Nos. 7 and 8, all standard sleeping cars, between Montreal Toronto and Vancouver, will be resumed. First train leaves each of these points on May 21, 1922.

SOO-PACIFIC EXPRESS
trains 13 and 14, between St. Paul and Vancouver will be resumed, first through train from St. Paul and Vancouver June 4th, 1922.

For further particulars apply to any Ticket Agent.

J. E. PROCTOR
District Passenger Agent,
Calgary Alta.

door? There is an old adage that as yet has not outlived its usefulness, viz., "Charity begins at home." Please let me impress you with this thought as I place before you the following consideration, and submit my proposition. First: this is not an appeal for money; Second, it is a need that can be met with little embarrassment, if any.

Going about the country I have become conversant with some conditions that do not appear on the surface, neither are they casually observed. Believe me, when I tell you that there are families living within a radius of fifteen miles of Didsbury that are really destitute of wearing apparel to the extent that they are not able to cover their nakedness; this includes both adults and children of both sexes. A condition such as this so embarrasses those who are caught in it, that public day schools, sabbath schools and other gatherings are affected by this prevalent condition.

My Proposition

By way of suggestion allow me to prescribe a remedy. You who have cast off clothing, wearing apparel, e. g. underwear, outer garments, hosiery, or footwear, in fact any bodily attire that has been outgrown, and away or relegated to the rag pile, that would be at all usable and suitable for the purpose of clothing infants, boys and girls, men and women, and are willing to part with the same, cheerfully not grudgingly, please notify either Mr. H. E. Osmond of the Didsbury Pioneer or Mr. H. T. Morgan, of the Didsbury Post Office, or the writer, by furnishing them with your name and address. One of the aforementioned three persons will relieve you of further responsibility, by calling personally at your place of residence and obtaining same for the sole purpose of distribution to those who are in need.

A Further Word

Any person or persons who are in need of temporal aid as pertaining to clothing, will kindly leave their name and address with Mr. Osmond or Mr. Morgan or the writer, stating what would be acceptable, and we will gladly minister to the same, calling in person and furnishing as much as is possible from the supply of clothing we have on hand. In order to do this the writer will spend less time in poring over the volumes in his library, less time in his study sermonizing, and go to demonstrating. All names of applicants for help will be treated in a strictly confidential manner, thereby embarrassing none. Why should such a matter cause embarrassment anyway? Please suffer a personal word regarding my own experience. The writer came to the ministry from a high salaried position in the commercial world; up to that time in his life he had never worn a second-hand garment and felt that it would have been a disgrace to do so, but it wasn't long until he perceived that there were three evils quite prominent in human living, viz. A FALSE STANDARD, outward appearance, the clothes make the man. A FALSE PRIDE, this too a surface veneer, an imaginary superiority. A FALSE MODESTY, ashamed of poverty, a reluctance of admission of need.

Each of these are detrimental to the progress of life, and destroyers of human happiness. I now consider it no disgrace to be clad in what was once another's apparel, i. e. legitimately and at this present time could not be comfortable in the cloth of the clergy, with my two coats knowing that my brother had none. Neither do I consider it a disgrace to be poor in this world's goods.

My Closing Word

Friends and citizens of Didsbury and surrounding country, my confidence in you is this:— You will respond to this appeal in behalf of the near-west, those at our door, our neighbors whether they be Catholic or Protestant, irrespective of Church, creed or any affiliation whatsoever, by co-operating with us in this home undertaking that denotes true public spirit, the spirit of live and let live. Believing in a practical Christianity, that does good unto the souls and bodies of men, I am,

Yours obediently to serve,
Rev. A. A. Perry.

REDUCTION FAIR PRIZE LISTS

Following a decision by the executive of the Alberta Fairs Association, a special committee of the executive has just completed work on a standard prize list for all fairs in the C. D. and E. classes, which will reduce to a certain extent, by elimination of duplications, the amount of prize money paid out at fairs. This standard prize list has been issued by the superintendent of fairs in pamphlet form and sets out the conditions under which it will be administered. Maximums are fixed as follows.

C class maximum for horses and cattle, first prize \$15; for

sheep and swine, first prize \$8. D class maximum for horses and cattle, first prize \$10; for sheep and swine, first prize \$5. E class maximum for horses and cattle, first prize \$8; for sheep and swine, first prize \$4.

In addition to the elimination of many duplications regulations have also been approved which provide that no grant shall be paid for poultry exhibits at summer fairs where winter poultry shows are also held, that no prizes should be offered for threshed grain at summer fairs. Sheaf grain only should be recognized, grants may be forfeited in case of fairs permitting gambling, objectionable games or immoral exhibitions on the grounds during the fairs.

Death of Prominent Alberta Man

Mr. John F. Day of Red Deer, who was the conservative candidate at the last Dominion election in that constituency and was also President of the Alberta Fairs Association and a prominent Mason, died at his home at Red Deer last week.

The funeral took place on Monday and was very largely attended, representatives of several Masonic lodges were present as well as Watson Young, Grand Master of the Order. The Alberta Fairs Association was represented by W. J. Stark, of Edmonton and a large number of visitors were present from all over Alberta.

The floral tributes from a large number of organizations and friends were so numerous that a special float had to be used to carry the beautiful evidences of the respect and esteem of Mr. Day.

There has been a demand among some of the farmers in the south country for distribution of seed for silage crops, and the Department of Agriculture has announced that it will provide for the distribution of seed for sunflowers and corn. This seed will be distributed through the agents of the department, in the same manner and on the same terms that other seed is being distributed. Those unable to purchase may secure this seed on credit on the same basis as other seed. Each man may secure up to a maximum of 50 lbs. of sunflower seed or corn, or part of each up to 50 lbs. for the total. This is being done to give the farmers an opportunity of sowing a small acreage for silage purposes.

The committee in charge of the two government stallions decided that the Government Clydesdale Stallion "Craigie Masterpiece" will stand for service for the season of 1922 at Calgary and Red Deer, week about, starting May 15th at Calgary, week starting May 22nd will be at Red Deer, and so on throughout the season. Also that the Government Percheron Stallion "Job" No. 6418, will stand for the season of 1922 at High River.

New creameries are being built in several sections in the northern part of the province, cheese factories are being erected at Rossington, Round Hill, and Calmar, and a creamery is being built privately at Wetaskiwin. A creamery is also

being built at Peace River Crossing, and another at Berwyn, end of steel on the E. D. and B. C. These are all private concerns.

Debts and Debtors

If we give a merchant our custom, we have a right to expect him to advertise—to tell us weekly in the columns of

"THE DIDSBURY PIONEER"

what he has for us. Advertising is shop news, designed to inform us, save our time, and bring to our attention desirable merchandise

Every retailer who is alive to his interests of his customers has a message—often many messages—for his customers concerning new goods, special offerings, and things that we ought to know about. Customers and non-customers will be attentive and responsive to these messages, if they are delivered every week in the form of advertisements in "THE DIDSBURY PIONEER". The way to get more business is to ask for it.

A NOTE TO MERCHANTS

Would You buy much more regularly from firms that never solicit your trade? Do you not say—"The firm that wants my business must come after it?"

Yet some of you say in effect to your customers—"Where here. If you want our goods, come and get them, but don't expect us to go after you." It's a poor rule that doesn't work both ways.

Shop Where You are Invited to Shop

GILLET'S EYE DO

Make it your handy household assistant. Use it for making soap, in washing dishes, for cleaning sinks, refrigerators, garbage cans, etc., for cleaning clogged drain pipes, for removing grease and smoke stains, for scrubbing floors and tiling. You will find that the systematic use of Gillett's Eye will keep everything around the kitchen and bath room clean, sweet and wholesome. Cleans and disinfects. Is economical and sure in its effects. Has been the standard for over 50 years. It saves labor, time and trouble.

Made in Canada

EATS DIRT

WORLD HAPPENINGS BRIEFLY TOLD

Daylight saving is not being considered in Calgary this year. It was tried out years ago but was not satisfactory.

Seven families, totalling 26 immigrants from London, England, have arrived at Prince Rupert the first of a contingent of British immigrants who will take up land on Queen Charlotte Islands this summer.

Premier John Oliver has extended an invitation to all the prominent professors of the Dominion to visit British Columbia this summer to attend the Canadian good roads convention in Victoria, June 12 to 17.

The largest telescope in the world will be completed at Vancouver soon. F. S. Sherman, noted astronomer and scientist, has announced. The glass, weighing ten tons and measuring 10 feet in diameter, will be installed in the Frye Observatory, Seattle, in July.

Importation of dogs from Great Britain, which has been prohibited since 1915, no longer is forbidden, according to information received by Canadian Pacific officials. The ban was due to the prevalence of rabies. It was stated.

A resolution in favor of "outlawing wars" by creating international law which would make war a crime was adopted at the meeting of the National League of Women Voters Committee on reduction of armament at Baltimore.

One of the new postage stamps issued by the Soviet Government of Russia is of allegorical design, showing the figure of a young man mounted on a white horse, with an army of workmen following his outstretched arm.

The subscription list for New Zealand's £2,000,000 five per cent. loan offered at auction closed within a few hours, the amount having been entirely taken up. Three million pounds of the loan will be spent in Great Britain for material for railway expansion in New Zealand.

Do You Keep a Diary?

The heroine of our new serial story wanted to get down her first impressions when she visited Western Canada for the first time after leaving her home in England, so she kept a diary. Well kept diaries often reveal the most intimate thoughts of the diarist in a very interesting manner. Miss Elliot was no exception and if you read the story, "My Canada," which will be found in another column you will be none the wiser for the time spent in perusal.

Miller's Worm Powders do not need the after-help of castor oil or any paralytic to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

Enlarging Grain Capacity

Work Starts on Extension of Elevator at Fort William

Work on the extension to the North Western Elevator situated on the upper reaches of the Kaministiquia River is now well under way. This is to cost in the neighborhood of \$500,000 and will give an additional storage capacity of 2,000,000 bushels. The structure, it is expected, will be completed in time to handle the 1922 crop.

Strangled with Asthma is the only expression that seems to convey what is endured from an attack of this trouble. The relief from Dr. J. D. Kellogg's Asthma Remedy is beyond measure. Where all was suffering there comes comfort and rest. Breathing becomes normal and the bronchial tubes completely cleared. This unequalled remedy is worth many times its price in all who use it.

In the house of many old Moorish families there may be still seen a great key installed in a place of honor. It is the key of their old home in Spain in the days when the Moors dominated that country.

Let the Children in, too!

It's no longer necessary to maintain a dividing line at the breakfast table—tea or coffee for grown-ups—no hot cup for the youngsters

Serve INSTANT POSTUM

to each member of the family, and all will be pleased and benefited by this pure, wholesome cereal drink.

The Increase of Suicides

Growing Complexity of Our Modern Life is Given as Cause

The Save-Life League has issued a report on suicide for the year 1921. The league officials have definite information of 12,000 suicides, and they estimate that at least \$200,000 occurred which were not reported to them. The report declares that suicides were 23 per cent. more numerous in 1921 than in 1920, and contains the following observation:

"The growing complexity of our modern life, the feverish unrest, crime, divorce, bizarre and questionable deeds and other things have caused deranged nerves, depression and less self-control."

The suicides reported include: 10 editors, 16 well known writers, 40 college students, 51 school teachers, 21 clergymen, 57 judges and lawyers, 7 mayors, 93 bankers and 88 presidents of large business concerns. From the N.Y. Independent.

According to a calculation made by a German physician, a man who has shaved himself for fifty years has spent 250 days of twelve hours each standing before a mirror with his razor in his hand.

Keep Minard's Liniment in the house

W. N. U. 1418

Indian Head Nursery

Shipments of Seedlings Will Be Very Heavy This Year

The shipments of tree seedlings and cuttings going out this spring from the Indian Head tree nursery station at Indian Head, will be among the heaviest in the past five years. The plants sent out are chiefly Russian poplar, willow and caragana. They are used solely for planting shelter belts on prairie farms. About sixty million seedlings and cuttings have been distributed to prairie farmers.

Give the average man half a chance to talk about himself and he will be the crowd.

Minard's Liniment Co., Limited.

Sirs—I have used your Minard's Liniment for the past 25 years and I think I have occasionally used other liniments I can safely say that I have never used any to equal yours.

If rubbed between the hands and inhaled frequently, it will never fail to relieve cold in the head in 24 hours. It is also the best for bruises, sprains, etc.

Yours truly,

J. C. Leslie

Dartmouth.

Talking Movies Perfected

Talking movies with the "lines" recorded on the film instead of on phonograph discs, have been perfected by Lee de Forest, pioneer in the wireless telephone field, he announced upon his arrival from Germany where he has been experimenting for six months.

An Oil of Merit—Dr. Thomas' Electric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to relieve and heal.

Big Crops in Peace River

Some idea of the development of Northern Alberta as a grain producing country is indicated by the fact that during the month of March, 645 carloads of grain were moved over the Edmonton, Dunrobin and British Columbia railway into Edmonton.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of all catarrhs, chronic or acute. We do not recommend it for any other disease.

HALL'S CATARRH MEDICINE is a liquid, taken internally, and acts upon the blood upon the mucous surfaces of the system, and restores the system and soothes the system in restoring.

War on Insect Pest

The British Columbia Government this year is going to wage the greatest battle it has ever waged against the codling moth. Besides the \$165,000 voted by the legislature at its last session, provision for \$20,000 more by the Government was announced by Dr. Waincock, Deputy Minister of Agriculture.

Minard's Liniment used by Physicians

The bonds of matrimony would be more popular if they paid cash dividends.

Don't Neglect Your Skin

Ladies—A few days treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty creams.

CARTER'S LITTLE LIVER PILLS are the perfect skin medicine. They are made by a famous doctor. They are the perfect skin medicine. They are the perfect skin medicine. They are the perfect skin medicine.

Diver Battles With Devil Fish

Battling for his life the fish leapt beneath the surface of Puget Sound. Walter McGray, a diver known in marine circles from Alaska to California, came out victorious over a giant tentacles so tightly about McGray that the diver was unable to reach the knife he carried for protection. He was freed after being drawn to the surface.
